

Volunteering at Spurwink

The vision of Spurwink Services' Volunteer Program:

To have caring individuals use their talent and enthusiasm to support, enhance and augment our programs, consumers and staff to further the agency's mission. Our volunteers may lead activities, assist with special projects, provide office help or otherwise use their talents in creative ways.

The following opportunities are available:

Meal preparation

Prepare, cook and serve a meal to clients, so that staff have more time to attend to the clients

Lead an activity

Bring your special talent/hobby/passion to share with clients at the programs;

Special projects

Such as gardening, painting, decorating, creating/maintaining libraries, updating resource books, creating visual aids, etc.; or

Clerical assistance

Filing, special clerical projects/tasks, copying, etc.

If you have questions, or if you or someone you know is interested in volunteering, please contact Christi Carr in HR at ccarr@spurwink.org or 871-1211 ext. 2130.
